8,000 See Santa In Cameron Parade

PEOPLE, OVER 8,000 . . . Watched Santa trace his familiar path behind the Cameron Christmas Parade, then go to the Milam Courthouse where he gave out 1,000 packages of candy. The parade route was much the same all the way . . . hundreds of people, their kids and cars along the mile-long march route. Oh, yes, that's Santa in the sleigh at left.

This Is 102

By FML

We have all seen crowds in Cameron, but the turnout for the Santa Parade last Friday in the Christmas City was about the biggest ever.

Santa gave out 1,000 bags of candy, the most anyone could remember he ever disbributed during the history of his visits to Cameron.

And police and chamber officials estimated the crowd as large as any attending any previous Christmas gala or Western Week parade. And that is quite some.

Timing for the parade and the weather appeared to be just right. Any how, more than 8,000 people thought so, according to estimates

Previous record was Christmas, 1959, when an estimated 8,000 turned out.

102 - 102 - 102

'60 SUCCESS — Talking to some people the other day, we derived some interesting attitudes about the formula for business or professional success in the next decade.

"First of all, the man must be a wee bit crazy. Then he's gotta see the importance of new ideas, stretching his imagination like a rubber band, until it almost snaps. Then he's got to work, like he never worked before, more like some of our ancestors worked carving out civilization from the Wilderness of the West. Finally he's got to compete for all the marbles all the time."

Pretty wide scope in that prediction. It sounds a lot like the advice given Columbus the day he talked to Queen Isabella about taking off in search of a new route to India.

He was somewhat successful. He found a New World, though at the time he thought it was Far East.

102 - 102 - 102

It is realistic to compare people's minds with rubber bands. The most amazing thing about people is their ability to adapt and imagine, work and progress, anticipate and plan much further than the stretch of elastic. Man's mind is the most fantastic thing known. The shame is that so little of the potential is used. But when it is well, there's your man of the 60's, something like the fellow described by those people we overheard the other day.

GOLLY, I FORGOT -- For a moment pretty Vanessa Glaser almost forgot what she was going to tell Santa. But she nor St. Nick were disappointed as he listened and Vanessa and about 1,000 youngsters exchanged Christmas wishes. It all happened in Cameron at the Milam Courthouse Friday. Officials estimated it was a record crowd for the opening of the Christmas City.

Book Check Out Climbs At Library

Check out of books at Cameron Public Library's new location doubled in the last two weeks of November compared to the same period a year ago.

Librarian Mrs. Tom Wardlaw reported this week that the percentage of gain was impressive though the number of books involved was not large at this time of the year.

A checkout survey showed that 66 books were checked out of the Cameron Library from November 16 - 30, compared to 32 for same period in 1960 at the former location.

The Cameron Library has opened new quarters at 112 E. First St., on the north side of the Courthouse Square.

Interest in library reading has more than doubled since the second full year's operation in 1956, Mrs. Wardlaw said.

During November, 1956, total books checked out was 41. In November, 1959, total number was 82.

Library Board officials said the new interest in Cameron's book facilities was greatly encouraging. Students from Yoe High School's Library Club assisted in the recent Library move and other groups of students have visited the Library since it opened downtown.

And Mrs. Wardlaw said that rural residents from the North Milam County are taking better advantage of the Library's 3,000 volumes and two separate reading rooms.

She also announced that some daily newspapers are being displayed now and copies are available each day for reading, but may not be checked out.

Total books checked out for the month of November 1961, was 95, with about two - thirds of them being checked out during the two weeks in the new location.

Total for November, 1960 was 66; for November, 1959, it was 41; for November, 1956, it was 41.

MILAM COUNTY COTTON QUOTA VOTE DEC. 12

The December 12 Cotton Quota Vote will mark the ninth consecutive year in which growers have voted on marketing quotas for their upland cotton crop, Alva E. Sanders, Manager of the Milam County Agricultural Stabilization and Conservation Service, said today.

"Beginning with the referendum on marketing quotas for the 1954 crop, growers have approved quotas for each year's cotton crop." he stated, "In the vote last year, on quotas for the 1961 upland cotton crop, 96.6 percent of the growers voting approved the quotas."

By law, quotas must be proclaimed by the Secretary of Agriculture in years when the cotton supply exceeds normal. The estimated 1961 62 supply of upland cotton exceeds the estimated normal supply by 2.5 million bales.

For 1962, the Manager explained, Milam County has a total of 56,161 acres available for allotment to growers on which to grow their upland cotton crop. This represents the county's share of the national allotment of 18,101,718 acres, which includes 100,000 acres from the national acreage reserve to take care of minimum farm allotments. Of the total allotment, 56,107 acres has been distributed to cotton growers in Milam County in notices mailed on December 1.

If at least 2-3 of the growers voting in the referendum approve quotas for the 1962 upland cotton crop, price support will be available to growers who comply with their farm allotments at the full effective level and marketing quota penalties will apply to any "excess" cotton produced on a farm.

If more than 1-3 of the voters oppose quotas for the 62 crop, the allotment program will remain in effect, and price support will be available to cooperators at 50 per cent of parity, as provided by law.

All farmers who engage in the production of upland cotton in 1961 are eligible to vote in the December 12 referendum.

A list of voting places appears on page nine of the Herald.

School As Business

Zeigler Speaks To City Rotary

Cameron School Supt. Charles Zeigler Wednesday described the economic and educational values of the District school system.

In outlining the role of the school in the Cameron community, the young school superintendent said the school only asked for the full co - operation of residents.

He described the school system as the largest business in Cameron, with a payroll of 106 people and a budget (excluding lunchroom, athletic and student activities) of $556,309 per year.

Zeigler pointed out that 24 percent of budget is paid through local texas, about $130,000, while the balance comes through the state. The District is assessed at $8.7 millions.

"We seek to provide educational opportunities to all the students," Zeigler noted. "We have 1627 students whose needs we attempt to satisfy."

"We are not out just to please the community, but to build character and to prepare this community's citizens of tomorrow." he emphasized.

"In doing the best job we know how," Zeigler continued, "we hope the school system returns more to the town that we take away."

Touching on accelerated education, he said "we are trying to accelerate the program for 100 per cent of the students while in some European countries they train only the top 5 or 10 per cent and turn the others away."

He pledged that the system would try to do a better job "for the best school possible."

Zeigler paid tribute to school board members whose only pay he said is "a cussin" on the street corner" and to the faculty of 77 teachers.

"We work to instill in your students the character of the individual, not just what comes from books," he said. "We ask in return the full co - operation of the community."

Zeigler was introduced by Charlie Burke, program chairman.

8,000 See Santa, Christmas Parade Here Friday P. M.

Eight thousand Milam Countyians rushed into Cameron Friday to see Santa, the Christmas City and the first Yule Parade in the Cen - Tex area.

Three float winners were announced by Chamber officials as they selected : First, AME Bethel Church; second, Trinity Lutheran Church; and third, Milam County 4-H Club float.

The crowd saw the top three winners among some 21 floats, marching units and vehicles in the downtown event.

Santa passed out 1,000 bags of candy furnished by the Cameron Business & Professional Women's Club, Chamber Manager Jack DuBois said.

Police Chief Elvn Hoskins said the parade route was lined with more onlookers than he could remember in any parades in the past two years. The 1959 Christmas parade attracted an estimated 8,000 people.

The parade day officially opened the Christmas season in Milam County. Rockdale held a Christmas parade Saturday. Friday night other Christmas parades were held in Temple and Waco.

Chamber officials extended their appreciation for the co - operation of all the units in the parade, DuBoid said.

Rosebud Takes Double Victory From Yoe Teams

The Cameron Yoemen dropped a double header to the Rosebud Black Panthers Thursday night, 65-43, and 41-35.

Science Program Given YHS Students

"Adventures in Science," an hour - long program of scientific experiments was presented to the student body of Yoe High School last Thursday morning.

The program ws presened by Truman Draper and Alan Post, public relations workers for General Electric. Texas Power and Light's manager, Henry Siebman, addressed the student body prior to the program.

The program was based on the three ingrediants necessary to sustain a top scientific level; cursosity, knowledge and purpose.

Experiments in scientific research and development included; Using sound vibration, caused by the firing of a pistol, to blow out a candle; an example of what happens to subject matter when a circular force is emplied on it and a number of others.

Jehovah's Witnesses Attend 3 Day Meet

515, including several from Cameron attended the 3-day meet of Jehovah's Witnesses in Brenham last weekend when W. L. Mackey of New York delivered the climactic discourse "Uniting Men in a Split - up World."

Sessions opened Friday evening when Mr. Mackey spoke on the convention theme "Assist One Another to Do God's Will." A symposium of talks followed on the theme of "Helping Men to Find Security."

Saturday saw the ordination by water baptism of 3 new ministers of Jehovah's Witnesses.

All regularly scheduled meetings will be resumed at the Cameron Kingdom Hall this week.

In The Service

COAST OF CALIFORNIA (FHTNC) – Lester J. McCulloch, boatswain's mate third class, USN, son of Mr. and Mrs. Henry L. McCulloch of 1309 N. Travis, Cameron while serving aboard the attack transport USS Bayfield, participated in a largescale Navy and Marine Corps training exercise obobeserved by Admiral George W. Anderson, chief of naval operations, on Nov. 18, off the coast of Southern California.

More than 40 Navy ships and aircraft squadrons, and elements of the First Marine Division and Third Marine Aircraft Wing took part in the operation which featured anti - submarine warfare operations, missile firing, carrier operations and an amphibious assault.

The admiral observed the attack phase of the exercise from attack aircraft carrier USS Kitty Hawk and went ashore by helicopter to watch the amphibious landing in the Camp Pendleton area near Oceanside, Calif. It was his first opportunity to see the Pacific Fleet in action since assuming the Navy's top post last August.

THE Upward CLIMB

He's a determined young fellow. When he gets that tire up hill, he will have a lot of fun watching it roll down by itself. So, he is willing to expend the necessary energy for the anticipated moment of fun.

There is another up-hill climb truly worthwhile; and never is it to be allowed to turn downward: the climb of the church in service for God and humanity.

This is not "child's play". It is a job for men and women worthy of the name. It requires the maximum in spiritual energy and wisdom. It is a matter of keeping spiritually fit and strong.

Have you accepted "church membership" with a true sense of responsibility? Do you really have your "shoulder to to the wheel"? The church helps you as you help the church. "Faithfulness" is the watchword; happiness is the reward.

"Christ also loved the church, and gave Himself for it."
Ephesians 5:25.

"Other foundation can no man lay than that is laid, which is Jesus Christ" 1 *Corinthians* 3:11.

During 'Ho-Hum' Some Initiative . . .

Hope that Berlin's crisis has passed and that things will be easier in the next few months is a lot of ho-hum.

The scene will shift to another part of the world since the U.S. drew the battleline just opposite the Red Wall dividing Berlin. Not likely Europe the next "powder keg" will be a less obvious area where a bold Communist stroke can gain more effect.

We have been warned by President Kennedy, Former President Eisenhower and others who have the insight of experience with the Red Orbit.

In fact the toughening of economic ties in Western Europe, particularly with Britain joining in mainland pacts, suggests that Russia will have to compete more than ever in the Cultured World. It appears that the explosion will have to come in some place like Southeast Asia or Africa, even though they already have their trouble spots.

Khrushchev's "aggression by intimidation" has carried as far as it can in the known trouble spots. Unless he concedes something, it will have to be someplace new.

If we are truly prepared for the unexpected, a new outbreak won't be any particular problem. More and more, the trouble in both arsenals, the U. S. and Russia, will be internal. It would be an effective time for the U. S. to take the international initiative.

Library Usage Impressive . . .

Cameron and North Milam County's response to the larger facilities for Cameron Public Library was immediate.

Though the actual number of books was relatively small in comparative periods, the percentage of increase in numbers checked out was impressive.

The Cameron Library was opened in 1955. It was moved to the Courthouse Square location in mid - November this year.

Comparative figures for the last two weeks of November in a number of years including 1961 show:

Year	Month of Nov.	No. Books
1956	Whole Month	41
1959	Nov. 16-30	43
1960	Nov. 16-30	32
1961	Nov. 16-30 (New Location)	66

In short the number of books checked out in the last two weeks of November doubled in 1961 over 1960. In three years, the number of books checked out in November doubled for the month from comparative figures in 1956 and 1959.

These figures are indicative of the aroused interest in a public library and its public support. If the number of books checked out doubles in the first two weeks the new location is open, it is reasonable to presume that general interest in the public library will grow by leaps and bounds in the next year. No other conclusions can be drawn.

These figures show the direction of public interest in the North Milam area. It is not just a few sharing interest in books; it is a growing number of many. And it will continue.

600 Attend Tourism Meet

By Vern Sanford

AUSTIN — More than 600 "Texans for Tourists" attended Gov. Price Daniel's conference on Tourism.

They took a long look at sources and resources that can be used to promote national advertising of the state's visitable virtues.

While here, they decided to set up a non - profit organization called the Texas Tourist Council. Tentatively scheduled was an organizational meeting for January 10, "or during the next session of the Legislature."

Texas Tourist Council will seek the reverse effect of another group who tried to exploit the state -- the carpet -baggers. It was the influence of the latter that caused the Legislature to prohibit the use of state funds for advertising Texas' attractions 86 years ago.

Governor Daniel said, "Now the march of time has come full circle .....we find ourselves engaged in a vigorous economic competition which might be called, in a friendly way, another 'war between the states'."

He referred to the battle for tourists --- third largest industry in the nation; the 13th in Texas.

Texas Tourist Council will seek $300,000 a year from the Legislature, for advertising tourist attractions. Texas law now requires that state funds be matched by business and industry. So some system of financial subscription will have to be devised.

BANKERS ASKED FOR IDEAS

Governor Daniel sent a letter to the Texas Bankers Association asking the bankers to present a proposal for protecting the rights of bank depositors.

He recommended that newspaper ads be published by the banks to local owners (or heirs) of accounts inactive for more than seven years.

Governor Daniel added that proper notice to the state of an escheatable property would be "an incidental result of this protection."

He said the subject will be submitted very soon to a special session of the Legislature and asked the TBA to present its own proposal before December 20.

"The reason for the urgency is the known fact that a sizeable number of national banks are transferring these dormant deposits to the profits of the banks without advertising for the lost owners," he wrote.

"I believe most Texas bankers will agree that this is a practice which should be stopped for the protection of the good name of the banking profession in Texas, as well as for the protection of the rights of mising owners and the rights of the state if no owners exist."

WILSON ANNOUNCES

Attorney General Will Wilson has announced as a candidate for governor.

The 49-year-old Dallas native said he has remained loyal to his party but is "an independent Democrat who wears no man's collar and is not a captive candidate of any faction or interest group.

SHIVERS IN THE NEWS

There's considerable talk in Austin about the possibility of Former Gov. Allen Shivers running again.

This surprised some since Shivers backed Jack Cox in 1960 and Cox is the Republican candidate.

Rumor started with Shivers' statement that: "If I get involved in politics at all next year it will be as a candidate."

HEALTH AND WELFARE COORDINATION

Speaker James A. Turman announced appointment of an advisory committee, composed of Representative George Richardson of Fort Worth, Obie Jones of Austin and Jim Markgraf of Scurry, to help the Texas Legislative Council study coordination of state health and welfare agencies.

Study was requested by the 57th Legislature in view of the fact that 90 per cent of every state dollar expended is for highways, education, public helath and welfare.

All but the health and welfare agencies are centrally coordinated.

LITTLE RIVER PHILOSOPHER

Philosopher Amazed To Find City People Asking Help In Finding A Place To Loaf In

Dear editar:

I was in my house last night sitting in my rocking chair reading a newspaper, there's one thing you can say for my rocking chair, I can sit in it without a fraction of the responsibility Mr. Kennedy has when he sits in his and over on an inside page I found an article that almost floored me.

According to it, a lot of people in big cities are complaining about their set - up, they think there are too many ugly places in cities, too much hurry and not enough places to loaf. They want the Federal government to do something about it.

It was that latter complaint that got me -- wanting the government to furnish a place to loaf. A man who hasn't got enough get - up about him to figure out a place on his own to loaf, is in pretty bad shape. I don't want to brag, but I've never seen a place yet I couldn't loaf in.

Why, I wouldn't be surprised if these city people not only want the government to furnish a place for them to loaf in, but before long would be asking the government to provide supervised loafing.

I am worried about this situation, and had no idea enterprise and self - reliance were disappearing so fast in this country.

But I was just thinking, Now I'm an expert in finding a place to loaf, and if Washington can keep a straight face -- which won't be hard, it's had a lot of practice-- and seriously goes about undertaking to teach city people how to find a place to loaf in, I will be gald to head up this department, at a reasonable salary. A specialist is entitled to adequate pay.

It takes years of practice to learn how to loaf, all the parks in the world won't accomplish it if a man hasn't got the inner resources to swing it by himself. I never figured there'd be an opportunity to get paid for this accomplishment, but I'm willing to give it a try. A man should never get so busy at his job that he refuses to share his achievements with others.

Yours faithfully,
J. A.

TEXAS LAWMEN

RANGER JAMES BUCKNER BARRY

"If there's fightin' to be done . . get at it!"

James Buckner (Buck) Barry never shirked a duty. But somehow, duty as he saw it usually included at least some fighting. Coming to Texas from North Carolina in 1845, Buck served in the Army of the Republic of Texas under John Coffee Hays. With the outbreak of the Mexican War, he joined the Texas Rangers and headed South for a little faster action. He got it, also a severe wound at Monterrey. Mustered out, Barry convalesced on the banks of the Trinity, with only Indian horse thieves to keep things lively. Such calm couldn't last, so he took on the job of Sheriff of Navarro County, serving three terms. Then Indian fighting seemed to offer renewed opportunities for action, and he was commissioned by Governor Sam Houston to organize a frontier defense company. This action merged into a prominent role in the Civil War, with a rise to Lieutenant Colonel. In his later years Buck Barry reluctantly consented to battle with words only, and represented the Bosque District in the State Legislature . . another Ranger who helped to shape the frontier wilderness into the great state of Texas.

Today Texans owe much to the lawmen who brought peace to the frontier, and to industry and commerce, bringing prosperity and pleasure. The brewing industry has provided community revenues, payrolls and the refreshment of moderation. In Texas "Beer Belongs," and the United States Brewers Association is constantly at work with brewers, wholesalers and retailers to assure the sale of beer and ale under pleasant, orderly and law-abiding conditions.

YHS Basketballers Loose Two Games In Belton Tourney

The YHS Basketballers were quickly ousted from Belton Tournament competition last week by dropping their first two tilts, 69-21 at the hands of West and 52-20 to Caldwell's Hornets.

The tournament was the first of the year for the Yoemen. The two games were the second and third of the season.

The West Trojans got off to an early, 31-8 halftime lead in the first tournament game. The Yoemen came back with 13 second half tallies, but far from enough s the Trojans compiled 38 in the second half.

Senior Dan Brashear paced the Yoemen scorers with a total of 10 points. Tom Moody got 8 and Merlin Lester, 3.

The second game of the tournament competition was a similar affair, Caldwell came through with 14 points in the first quarter, 11 in the second, 12 in the third and 15 in the final frame.

Cameron tallied 4 in the first, 5 in the second, 6 in the third and 5 in the fourth.

Charles Matejowsky scored 13 points for the Hornets, J. Janicek got 8 and Terry Langham, 7.

Jimmy Woodum was Yoemen high point man with 7. James Anderle got 4, Merlin Lester 3, Tom Moody 2, Dan Brashear 2, and Dennis Jones 1.

Buckholts Wins Trophy In Flat Tournament

The Buckholts Badgers rolled up double victories in the Flat Invitational Basketball Tournament at Flat Saturday, the boys trouncing Oglesby's Tigers 58-47 while the girls were equal in a 33-21 game with the Tigers.

The double victory, sparked by All Tourney aces Jack Ruzicka, Buddy Inge and Betty Hanke, marked the first three game sweep for the Badgers in season tournament play.

Buckholts travels to Rogers today in a three game round of basketball play at the Rogers Invitational Tournament.

In Saturday's play against Oglesby, Ruzicka led the Badger attack with 23 points, followed by Buddy Inge, 20 and Morris Jones 10 points.

Buckholts took a first quarter lead, 12-11 but went out front 12-52 fourth quarter catch-up spree under the direction of David Vincent.

Miss Hanke and Carolyn Gonten sparked play for the Buckholts girls in early first quarter play on a 14 point spree, then, froze the ball, attempting a stalling action for three quarters to stave off a stubborn Oglesby six.

Miss Hanke scored 11 points for leading game totals, followed by Miss Gonten with nine.

The girls rolled up an impressive 46-22 victory over Star in last Thursday's play, with Wanda Janes out front for 27 points. The second victor was over Flat, 61-29 in a walkaway, Hanke and Gonton scoring 18 points each.

In boys play Buckholts shocked Flat with a 52-34 win Friday. Inge led the Badgers with 26 points, followed by Ruzicka with an impressive 16. With a seven point lead at first quarter's end enxtended their lead 37-6 at halftime.

In the Thursday Star battle the score was tied up in the first and second quarters, 19-19. In the third period Buckholts held a single field goal advantage. A tremendous defensive effort was turned in by Pat Wallace and Edwin Peeler to hold Star to zero on the scoreboard while Inge piled up six of the final eight Badger points.

OLD Mr. BOSTON

YE INTELLIGENT BUYER'S GUIDE TO FINEST LIQUORS

Mr. BOSTON'S ROCKING CHAIR IS 80 PROOF ...LIKE FAMOUS WHISKIES ABROAD

People in Europe, England, and Canada have long known that the finest quality liquors are produced at lower proofs. It takes low-proof mildness to let full flavor come through; higher proofs deaden taste buds, and often mask unpleasant flavor. Old Mr. Boston produces Rocking Chair full flavored at 80 proof which requires less mixer and avoids that "watered-down" taste. It's America's largest selling 80 proof blended whiskey!

Mr. BOSTON'S ROCKING CHAIR KENTUCKY WHISKEY A BLEND

Old Mr. BOSTON 80 PROOF VACUUM DISTILLED DRY GIN

Our exclusive vacuum distilling process creates a dry, delicate flavor. Bottled at full-flavored 80 proof, just like in England. It's America's top selling 80 proof gin.

OLD Mr. BOSTON VODKA 80 PROOF

Distilled at mild 80 proof — the vodka proof Americans prefer 8 to 1. For better-tasting vodka drinks, use Old Mr. Boston Vodka . . . the second-largest seller in America.

COTTON REPORT

Spot markets were moderately active. Demand was good for most of the current ginnings. Shipper interest was stronger. Domestic mill inquiries were more numerous. The demand from foreign sources remained slow. Weather conditions were favorable for harvest most of the week.

Middling 1" cotton prices held steady in the spot markets this week quoted Thursday, November 30, at 33.15 cents in Dallas, 33.25 cents in Galvston and Houston, and 32.85 cents in Lubbock, unchanged from Wednesday of last week. Some of the discounts narrowed in the Dallas and Lubbock markets. Cotton harvesting made good progress during the latter part of last week.

As the volume of ginnings picked up market activity increased with the best demand for Strict Low Middling and lower White and the lower Light Spotted grades in staples shorter than 1". Producers were offering ginnings freely when prices were above loan values. According to reports 70 to 80 percent of the ginnings moved into trade channels. Prices held firm to stronger for cotton of good character; however, there was some slackening reported. Shippers activity was increasing but stocks are below normal for this time of the season. Shipper buying of acreage was more active in some sections. Loan entries during the period November 17 - 24 totaled 58,486 bales in Texas and 628 bales in Oklahoma, according to the Commodity Credit Corporation. Gin yard prices of cottonseed this week were averaging around $50.80 per ton in Texas and $51.20 per ton in Oklahoma.

With a few days of open warm weather, producers were rushing harvesting of their crop. Machines were in the fields and gins were running around the clock in most counties in the late producing sections. Reports indicated that some counties in the Abilene area were as much as 90 per cent harvested while others were from 20 to 50 percent harvested. In the Altus area harvest is estimated to be around 65 percent complete. There was still some scrapping in central East and North Texas.

REPORTABLE DISEASES

Reportable diseases in Milam County for the week ending December 2, 1961 according to Dr. T. E. Crump acting director of the Milam County Health Department were 30 strep throat, 15 flu and one mumps.

News About Milam Farmers, Their Interests, And Activities

Milam ASCS Report

By Milam County ASCS

1522 cotton allotments notices amounting to 56,161 acres were mailed to Milam County farmers December 1, 1961, and 198 peanut allotment notices totaling 1709 acres were mailed on the same date. Most cotton allotments were increased approximately 1-3 of 1 per cent from the 1961 allotted acreage. Peanut allotments were increased three and two thirds percent from the 1961 allotted acreage. Referendum on peanuts is held every three years and this is the "no referendum" year for peanuts.

Those eligible to vote in the 1962 cotton marketing quota referendum to be held on Tuesday, December 12, are all persons who shared in a cotton crop or proceeds thereof in 1961 or if the cotton was planted, but not harvested, would have shared in the cotton crop or the proceeds thereof. Also, all persons who were owners or operators of a farm which had cotton history acreage in 1961, even though no cotton was planted, are eligible. Ineligible, are landlords of cash rent, standing rent or fixed rent farms. Wives of all eligible voters are also eligible to vote and are urged to do so.

Polling places have been selected in communities throughout the county. "A" community, or Clarkson area, polling places will be located at the Community Center at Baileyville, the schoolhouse in Clarkson and the schoolhouse in Ben Arnold. "B" Community, Maysfield area, at Charles Bailey Store at Branchville and Thweatt Store-Post Office at Maysfield and "C" Community at the Welfare Office in Milano. "D" Community voters at the American Legion Hall in Rockdale. "E" Community has had two places designated -- the Fellowship Department at San Gabriel Baptist Church and Thorndale State Bank in Thorndale. "F" Community will also have two places -- the Domino Hall in Sharp and the Post Office in Davilla. "G" Community farmers may vote at the Cecil Criswell cotton office in Buckholts and "H" Community at the County ASCS Office in Cameron and K. D. (Buster) Griffin Store in Yarrellton.

The voting places will be open from 8 a. m. to 6 p. m. on Tuesday, December 12. There is a convenient place for everyone to vote and a convenient time for everyone so that all eligible farmers and their wives are expected to cast their ballot in the 1962 cotton referendum, according to their wishes.

OPERATION SCREWWORM

Operation screwworm control, initial project of the recently organized Southwest Animal Health Research Foundation, is making a lot of headway. More than half of the State's counties have already organized committees and are raising funds and half of the remaining counties have held planning meetings.

County Agents Notes

Chemical Weed Control Told

By J. D. Moore
Milam County Agent

A vigorous turf is the best control for weeds. A thin weak stand of grass will be invaded by weeds. Killing weeds with chemicals will not keep them out unless followed by lawn management practices that encourage the grass to grow vigorously enough to compete with the weeds.

Chemicals should be applied when weeds are growing rapidly and before seed are formed. Treatment usually will not be effective when applied to weeds that are maturing or growing slowly because of approaching dormacy.

Chemicals to control upright or semiprostrate annual weeds, such as burclover, henbit, rescue grass and ponyfoot (dichondra) should be applied when the weedy plants are not taller than three inches.

Chemicals to use - 2 - 4- D used at the rate of two tablespoons per gallo n of water will do a good job of controlling winter weeds if sprayed on the plants now. Burclover and many other seedling plants are not so noticeable, but are in the seedling stage of growth and for best results should be sprayed now.

Caution 2-4-D will damage other broad leaf plants, including shrubbery and should be used with caution. Do not spray 2-4-D near valuable plants.

Details on lawn care and management are given in Bulletin 203, "Home Lawns" available at the County Agents office.

Farmers tax guide available - The new farmers tax guides are available at the County Agents office. These are for the benefit of farmers and stockemen and may be picked up at the office or may be mailed upon request.

Pecan and Food Show location- The Milam County Pecan and Food Show will be held in the building directly in front of the Post Office in Cameron. This building was formerly occupied by Eslinger Grocery and is made avaliable for the show through the courtesy of Lester Williams, President, First National Bank. Date for the show is Saturday, December 9.

Judging of entries in the Foods division will begin at 9:30 a. m. Judging the pecan classes will be Fred Brison, Horticultural professor at A & M College. The public is invited to attend.

Screwworm Control Gains Momentum

COLLEGE STATION — The screwworm control program, initial project of the newly organized Southwest Animal Health Research Foundation, is gaining momentum daily, according to Director John E. Hutchison, Texas Agricultural Extension Service.

Fash moving events of the past few weeks prompted C. G. Scruggs of Dallas, acting Foundation president, to describe the drive as "The biggest, most widespread and dramatic agricultural program Texas has seen." Already, more than half of the counties in the state have organized committees, named officers and are busy raising funds to finance the drive. Approximately half of the remaining counties have held initial planning meetings.

Vocational agriculture teachers and county agricultural agents have provided educational and organizational leadership on the county level.

4-H CLUB ACTIVITIES

By Pat C. Garner
Ass't Milam County Agent

Are your animals ready for the coming livestock shows? Remember the County Livestock Show will be Saturday, January 20, 1962. The major shows will start the last of January and continue until March.

Now is the time to start preparing your animals for the show. The day before the show is too late to start fitting an animal for show.

Show steers, dairy heifers and beef heifers should have their feet trimmed, be washed every week, and should be combed and brushed daily. From 3 to 7 days before the first show, steers should have heads and tails clipped and dairy animals should be clipped completely. Beef heifers should have their tails clipped. All cattle should be gentled and should be taught to lead and stand properly.

Barrows and gilts should be walked daily. This will enable the showman to keep his animal under control in the show ring. By using a cane or a stick, the animal can be taught to turn left and right, to stand still, and to walk properly. It takes a lot of practice to handle a pig in the show ring. Show day is not the proper time to try to teach your pig to handle properly. Swine should be brushed every day and should have their ears and tails clipped or shaved 2 to 5 days prior to the show.

Lambs should have their backs and heads sheared about a month before the first show. They should have their feet trimmed now and keep them trimmed as they require it. Medium wool and crossbred lambs should be washed now and about a week before the show if they have dirt in their wool. Lambs should have their wool carded every week and should be blocked from 3 to 7 days prior to the first show.

More information can be obtained about fitting and showing anibers were present. Jo Ann Hollas Office.

The County Wide 4-H Club met November 27 in the County District Court Room. Twenty memcker, Laneell Moraw, Lucinda gave a council report.

The club decided to have a Christmas party December 18.

The committees are as follows: Refreshment committee, Linda Tucker, Lanell Moraw and Lucinda Eickenhorst and Patrica Kostroun. Decoration Committee, Pat McClaren, Carolyn Jistel, Donna DuBois; Recreation Committe,e Larry Jungman, Jo Ann Hollas, and Ronald Kostroun. Announcement committee, Linda Tucker, LaNell Moraw, and Judy Mueck.

Pat Garner and Mrs. Frances Johnson gave a demonstration on the articles which should be put into a first aid kit for the car.

DEER DINNER

When properly handled and cooked, venison provides a real taste treat, says Ed Cooper extension wildlife specialist. The deer should be dressed immediately after it is killed and protected from contamination until placed in storage.

Mrs. Davis Hosts Davilla HD Club

The Davilla Home Demonstration Club met at the home of Mrs. Lester Davis with five members present.

Plans for the Christmas Party were discussed.

The afternoon was spent making bath cloth houseshoes for the Baptist Orphan Home of Round Rock as Christmas gifts.

MRS. ERVIN JOSEPH HOLLAS

Kohl, Hollas Vows Read At St. Monica,s

The Rev. John Geiser of St. Monica's Catholic Church in Cameron officiated at the marriage of Miss Louise Mary Kohl and Ervin Joseph Hollas on Saturday morning December 2.

The bride is the daughter of Mr. and Mrs. John Kohl of Rockdale and the groom is the son of Mrs. Joe Hollas and the late Mr. Hollas of Cameron.

Mr. Kohl escorted his daughter to the altar. Her gown was of white silk taffeta combined with re - embroidered Alencon lace. The empress bodice was fashioned with a portrait decolletage outlined with scallops of the lace's pattern that came over the shoulders of the elbow length sleeves and into the back where small French buttons extended. The graceful princess skirt was marked by motifs of the lovely lace and ended in a circular court train. From a crown of pearls, tiers of silk illusion draped over the shoulders of her gown to below elbow length. The bridal bouquet was of Talisman roses.

Miss Helen Rubar of Waco, was the bride's maid of honor and Monroe Bayer, nephew of the groom served as best man. Mrs. H. H. Hill of Rockdale served as matron of honor and Barbara Jo Hickman was junior bridesmaid.

Serving as ushers were Buddy Shipp and Eldon Batte of Cameron Station. The groomsmen were Jaand William C. Day of College mes Barta and Ernest Bayer of Cameron.

After a reception given by Mrs. Joe Hickman at the Sycamores, the newlyweds left for a hooneymoon in the Rio Grande Valley and Mexico. They will later be at home at Rockdale.

Christmas Paryt For Delphian Club

Mrs. Eben Flinn presented a Christmas Story for the annual holiday meeting of the Cameron Delphian Club Tuesday afternoon.

at Dance School today

Seeing a daughter develop from a tiny toddler to a lovely young woman is the very special joy of a mother. And, of all the many things a mother can give her child to help her along the way, few mean as much as Dance School.

To her — performing, the music, the costumes, her teacher from a Cinderella world, will all seem such fun. But, as your pleased eyes will soon tell you, Dance School is much *more* than just fun. You'll see the practice make her a more perfect little lady . . . more graceful . . . more poised . . more patient . . more charming. Much more difficult to see now: this grace and poise, this charm and beauty, will be with her *always* — she'll be so much the lovelier woman tomorrow, because of Dance School, today.

Heitman Home Ready For Show

Preparations are underway for the Civic Garden Clubs Christmas flower show, "Deck the House with Festives."

The placement show, which will feature Christmas decorations will be held at the home of Mrs. Joe J. Heitman, 1203 N. Jackson, December 13 from 3 to 5 p. m.

Arrangements are being made to harmonize with colors in the Heitman home according to show chairman, Mrs. Leo Fuchs.

A silver tree with pink ornaments in the living room will set the tone for more formal arrangements in the foyer, dining room and living room. A brightly decorated, green tree in the den will blend with more traditional arrangements for the kitchen, breakfast room and den. Arrangements will also be placed in the bedrooms and bathrooms.

Fresh plant material will be used along with treated, dried and painted material. Artificial flowers are being allowed on the door swags only.

Horticulture entries which will be a major part of the show, will be displayed in the garage.

Awards will include a tri color for the outstanding artistic arrangement made predominately with fresh plant material and an Award of Distinction for the outstanding artistic arrangement which is not predominately fresh material. Awards of Merit will be given for the best potted plant and for the best plant specimen. The Sweepstake winner must have a blue ribbon in each catagory of artistic and horticulture division.

Mrs. Fuchs added that the show will be judged by nationally accredited flower show judges.
